

Written Exposure Therapy Workshop

Course Information Document

Target Audience: Mental health providers

Instructional Level: Introductory

Course Description: This live, virtual workshop for mental health professionals provides training in Written Exposure Therapy (WET), an evidence-based treatment for PTSD. This workshop will present the theory and rationale for WET, an overview of WET's empirical support, and step-by-step instructions for delivering the WET protocol. Throughout the workshop, strategies for conceptualizing and dealing with co-morbidity, managing avoidance, and keeping patients optimally engaged will be provided.

Posttraumatic stress disorder (PTSD) is a prevalent and debilitating disorder. Although effective treatments for PTSD have been identified, there are barriers to both delivering and receiving these treatments. From the patient perspective, treatments are time consuming (e.g., number of sessions and between session assignments), which accounts for high dropout rates (e.g., 50%; Kelhe-Forbes et al., 2016). From a provider perspective, PTSD treatments involve substantial training to be able to effectively deliver, and the time required to prepare for treatment sessions serves as an additional barrier (Finley et al., 2015). WET represents an alternative evidence-based PTSD treatment approach that is efficient and associated with low treatment dropout rates (e.g., Sloan et al., 2012; 2013). Moreover, WET has been found to be non-inferior to Cognitive Processing Therapy and Prolonged Exposure.

Learning Objectives:

At the end of this course, participants will be able to:

1. Explain the diagnostic criteria for PTSD according to the DSM-5.
2. Discuss research providing empirical support for WET for PTSD.
3. Describe evidence for WET across diverse populations and settings.
4. Describe the theory and putative mechanisms underlying WET.
5. List the critical elements of the WET protocol.

6. Demonstrate providing writing instructions per the WET protocol to facilitate trauma processing.
7. Prepare feedback on example patient narratives.
8. Demonstrate engaging in post-writing discussion to process the experience of exposure.
9. Describe ways that WET can be adapted to accommodate individual patient factors.
10. Prepare WET patients to utilize skills to address future goals after the completion of WET.

Primary Goal: After completion of this training, mental health providers will be able to effectively implement WET.

Date: February 4-5, 2026

Time: 10:00 AM to 4:30 PM EST

9:00 AM to 3:30 PM CST

7:00 AM to 1:30 PM PST

Duration: 2-day workshop

Where: Zoom

Training Cost: \$350 for eligible providers

WET Manual

Purchase of the WET manual is a necessary supplement to the training. The WET manual is available online via Amazon.com: [Written Exposure Therapy for PTSD: A Brief Treatment Approach for Mental Health Professionals \(2nd Edition\)](#)

Authors: Denise M. Sloan and Brian P. Marx

ISBN-13: 978-1433844379

ISBN-10: 1433844370

Meet the Presenters

Stefanie LoSavio, PhD, ABPP
Director of Research and Innovation

Stefanie T. LoSavio, PhD, ABPP is an Assistant Professor in the Department of Psychiatry and Behavioral Sciences at UT Health San Antonio and a licensed psychologist, board certified in the Behavioral and Cognitive specialty by the American Board of Professional Psychology. Dr. LoSavio works with the STRONG STAR Training Initiative as the Director of Research and Innovation. Dr. LoSavio specializes in evidence-based treatments for posttraumatic stress disorder (PTSD), including cognitive processing therapy (CPT), prolonged exposure (PE), and written exposure therapy (WET). She is a national CPT and WET trainer and regularly provides consultation in these models for research trials and training initiatives. In her research, Dr. LoSavio studies the effectiveness of interventions for PTSD and adaptations to treatments and training methods to increase the reach of evidence-based care.

Stefanie T. LoSavio does not have any conflicts of interest

Brooke Fina, LCSW, BCD
Director of Behavioral Health Training Initiatives

Brooke A. Fina, LCSW, BCD, is an Associate Professor in the Department of Psychiatry and Behavioral Sciences at UT Health San Antonio and a Licensed Clinical Social Worker. As the Director of Behavioral Health Training Initiatives for the STRONG STAR Training Initiative, she leads the implementation of grant funded clinical training programs for PTSD and suicide prevention. Passionate about expanding access to effective care, Brooke provides training and consultation for these treatments. She has collaborated with hundreds of mental health providers, community organizations, and managed care entities to successfully implement PTSD treatment programs. In her role as Technical Assistance Team Manager for Face the Fight, she works with organizations to scale veteran-focused suicide prevention efforts and increase access to evidence-based strategies. Brooke is dedicated to transforming clinical practices and improving care for those in need.

Brooke Fina has no conflicts of interest to disclose

Special Accommodations

If you require special accommodations due to a disability, please contact the STRONG STAR Training Initiative at admin@strongstartraining.org one week prior to the workshop so that we may provide you with appropriate service.

Continuing Education

The STRONG STAR Training Initiative offers attendees **10 Continuing Education (CE)** Credits for participating in the 2-day workshop. Participants who attend are eligible to receive 10 CE Credits. To obtain CE Credits, attendees must sign in at the start of the course and sign out after its conclusion. Inquiries regarding CE may be directed via email to admin@strongstartraining.org.

Our continuing education credits have historically been recognized by most professional state licensing boards. However, this is not guaranteed. Please check with your licensing board for verification.

The University of Texas at San Antonio Health Science Center is approved by the American Psychological Association (APA) to sponsor continuing education for psychologists. The University of Texas at San Antonio Health Science Center maintains responsibility for this program and its content.

Cancellation, Substitutions, and Refunds

Registration fees, minus a \$50 service charge, will be refunded to participants who send a written cancellation via email to admin@strongstartraining.org postmarked no less than 15 days before the training. No refunds will be made thereafter. A colleague may be substituted for no extra charge if STRONG STAR Training Initiative is notified at least two business days before the training. Alternative, you may choose to reschedule to a future Learning Community with no additional cost.

For additional information, please contact the STRONG STAR Training Initiative at admin@strongstartraining.org.

Written Exposure Therapy Workshop via Zoom

AGENDA

Please note Agenda time is based on **Central Time Zone**

Day 1

9:00 am – 9:15 am	Welcome and Opening Remarks
9:15 am – 10:30 am	Overview of Trauma, PTSD, and Exposure Therapy
10:30 am – 10:45 am	Break
11:00 am – 11:30 pm	Written Exposure Therapy (WET) Overview and Empirical Support
11:30 pm – 12:00 pm	Pre-Treatment Assessment and Logistics
12:00 pm – 1:00 pm	Lunch
1:00 pm – 1:30 pm	WET Session 0
1:30 pm – 2:00 pm	WET Role Play 1
2:00 pm – 2:30 pm	WET Session 1
2:30 pm – 2:45 pm	Break
2:45 pm – 3:15 pm	WET Session 1 (cont'd)
3:15 pm – 3:30 pm	Day 1 Wrap-up and Q&A

Day 2

9:00 am – 9:15 am	Welcome Back and Reflections
9:15 am – 9:30 am	WET Session 2
9:30 am – 10:00 am	WET Role Play 2
10:00 am – 10:30 am	WET Session 2 (cont'd)
10:30 am – 10:45 am	Break
10:45 am – 11:15 pm	WET Session 2 (cont'd)
11:15 pm – 12:00 pm	WET Session 3
12:00 pm – 1:00 pm	Lunch
1:00 pm – 1:30 pm	WET Session 4
1:30 pm – 2:00 pm	WET Role Play 3
2:00 pm – 2:30 pm	WET Session 5 and Post-Treatment
2:30 pm – 2:45 pm	Break
2:45 pm – 3:15 pm	Additional Case Examples
3:15 pm – 3:30 pm	Workshop Wrap-up and Q&A
